

President W. J. Kerr of the Brigham Young college, Logan, was in the city yesterday.

A meeting of the Principals' association of the city schools will be held in the office of Superintendent Millsbaugh, on Friday next.

Mrs. O. H. Avey returned on Thursday from an extended visit to relatives in Iowa.

An illustrated lecture by Commander N. D. Corser, for the benefit of the Fremont school library, will be held in the First Baptist church on Friday evening, Dec. 15.

The formal opening of the new building of the B. Y. college, Logan, will take place on Friday, Dec. 23.

A meeting of the Educational club will be held in the teachers' room in the city and county building on Monday evening, at 8 o'clock. Professor Royance will present a paper upon "The Inter-relationship of School Education and Popular Opinion." The Hon. F. B. Stephens will lead in the discussion of the paper.

Miss Clark's room at the Lincoln has captured the Admiral Dewey picture, her room being the highest in attendance and punctuality during the past month.

President J. M. Tanner of the State Agricultural college came down from Logan yesterday.

A concert of unusual excellence will be given in the high school assembly room on Friday evening, Dec. 16, the proceeds of which will be applied to the purchase of a library for the school. A special feature of the entertainment will be the music to be furnished by the Twenty-fourth Infantry band.

A meeting of the state board of education will be held in the office of State Superintendent Park on Tuesday afternoon, at 2 o'clock.

Harry Wilmer of the high school, accompanied by his mother, left last evening for Atlanta, Ga., which place will be their future home.

A large delegation of the teachers of Salt Lake county will attend the approaching meeting of the Utah State Teachers' association, at Ogden, on Dec. 28, 29 and 30.

Supervisor F. R. Elliott of the city schools, spoke yesterday upon "Clay Modeling" before the primary section of the Salt Lake County Teachers' association. On Dec. 17 she will speak upon "Decorative Art," before the general meeting of the association, which will be held at 10:30 o'clock, in the university.

Miss Lillian Thompson of the Grant school will, at the close of the present school year, leave for Seattle, where her father has already located.

Miss Clara E. Cooper of the Emerson school spent Sunday with the family of her brother at Sandy.

A debate will occur on Feb. 21, 1899, between the eighth grades of the Franklin and Lincoln schools.

"Picture Day" at the Ogden school, on Friday, was of great interest to pupils and patrons. The room was

neatly decorated with pictures from the great artists, representations of over 100 Madonnas and other paintings of great interest. A pleasant feature of the day was a lecture by Supervisor Elliott, given before Miss Caulfield's room, as well as before the eighth grade, which was invited to be present. Miss Caulfield's sister, Miss Mary, will have an entertainment of a similar character on Friday next.

R. H. Beesley of Provo, formerly a teacher in the Lowell school in this city, was in the city on Thursday.

Mrs. W. S. Webster is substituting for Miss Allen in the first grade at the Summer school.

The regular meeting of the city teachers occurred in the High school assembly-room yesterday morning, much interest attaching to it because of the contemplated resignation and removal from the state of Superintendent Millsbaugh.

After a few announcements by the superintendent, Principal H. B. Folsom of the Riverside school was introduced, who read a most valuable paper on "Incentives," which was accorded a very careful hearing. The subject was one to which Mr. Folsom had given very careful consideration, and he was complimented upon his excellent effort. The gentleman was followed by Miss Winona L. Smith of the Franklin school, who also read a scholarly paper upon the same subject, which she treated quite elaborately and interestingly.

Dr. Millsbaugh then arose, and with deep emotion announced that he had decided to transfer his allegiance from Utah to Minnesota, expressing the most profound regret at the step he was about to take, and paying a high tribute to the loyalty and intelligence of the corps of teachers, many of whom had been associated with him during his connection with the city system.

He also stated that, next to giving up his home, the severance of relations with the teaching fraternity of Salt Lake came to him with great sorrow. His remarks touched his hearers most deeply, and many eyes were moistened with tears at the thought of separating from so true a man, so eminent an educator, so exemplary a citizen. Scarcely a word of protest or regret was expressed as in the doctor's avowed intention of leaving so pleasant associations. The committee on resolutions, which consisted of Principals Clark, McCoy and McKnight and Messrs. Rowe and Buchanan, then reported. Principal McCoy presenting them before the teachers, when they were unanimously adopted. The resolutions are as follows:

Whereas, Our honored superintendent, Dr. J. F. Millsbaugh, has been called to another field of labor; and Whereas, It is the desire of the supervisors, principals and teachers of the Salt Lake City public schools that a testimonial should accompany him; therefore, be it

Resolved, That we deeply regret the loss of one to whose zealous and untiring efforts, we believe, is largely due the remarkable growth and great success of our public schools—a success that in a few years has placed them in the front rank of the educational systems of our country. We recognize in him an efficient organizer, an able leader, a thorough scholar, a broad-minded, patriotic citizen, and a faithful friend to those under his supervision; and be it further

Resolved, That we warmly congratulate

late the Winona State Normal school of Minnesota upon the acquisition of a man so especially and eminently fitted for the presidency of such an institution; and be it further

Resolved, That we tender Dr. Millsbaugh and his estimable family our hearty good wishes for their happiness and prosperity, and express the hope that his every effort may be crowned with success.

The fifth annual meeting of the Utah State Teachers' association will be held in Ogden Dec. 25, 26 and 27. Following is the programme:

Wednesday evening, Dec. 23, 1898, 7:30 o'clock:

POPULAR MEETING.

Addresses of Welcome—Mayor John A. Boyle, Thomas D. Dee, president board of education, Professor T. B. Lewis.

Responses—Superintendent John D. Peters, Brigham City, Principal W. J. McCoy, Salt Lake City, Superintendent Frank Evans, Coalville.

President's annual address—Joseph T. Kingsbury.

Thursday morning, 9:30 o'clock:

GENERAL SESSION.

"Language Work as a Factor in Education"—Byron Cummings, Salt Lake City.

Discussion led by—Milton Bennion, Cedar City, and Walter M. Wolfe, Provo.

Thursday afternoon, 2 o'clock:

DEPARTMENT MEETING.

(Kindergarten and Primary Departments.)

"The Place of the Kindergarten in Education"—Milla Tupper Maynard, Salt Lake City.

General Discussion. Paper on Primary Work—Katherine E. Dopp, Salt Lake City.

Discussion led by—Lizette M. Orth, Ogden.

(Grammar Department.)

"Elimination of Matter From the Common School Curriculum in the Interest of Elementary Education"—William Bradford, Salt Lake City.

Discussion led by—Jacob Magley, Monroe.

"The Spelling Book"—George A. Cole, Fillmore.

Discussion led by—L. M. Gilliam, Salt Lake City.

(Department of Higher Education and Superintendence.)

"The Advantages in Smaller Colleges and Universities, as Compared With Larger Ones, for Undergraduate Work"—J. J. Gibson, Logan.

Discussion led by—C. K. Edmunds, Salt Lake City.

"The Training of Girls for the Duties of Life"—Clara Colburne, Salt Lake City.

Discussion led by—Marie T. Moffett, Ogden.

Friday morning, 9:30 o'clock:

GENERAL SESSION.

"The Alter Ego"—Orson Howard, Salt Lake City.

Discussion led by—J. M. Aird, Heber, and Alonzo A. Stooker, Grantsville.

Friday afternoon, 2 o'clock:

GENERAL SESSION.

"School Teaching From the Standpoint of Other Professions"—John E. Hansen, Salt Lake City.

General discussion. Business meeting.

City High School.

Last Monday the assembled school listened with interest to a twenty minutes talk by the Rev. Dr. Bliss of Boston on the "Socialistic Question," which he said was agitating the minds of so many people. He believed in monopoly when government and cities controlled them, where all the people would derive benefits therefrom. God

Stop drinking colored tea. Try Schilling's Best.

is not going to force any country into righteousness; we have to educate ourselves to it. We criticize politics, but do nothing to rectify it; we should act in unison in trying to establish the referendum, the people would then have the say in what should and should not be done. Congratulated us on being High school students. Hoped the education we were receiving would be put to good use.

Tickets for our entertainment next Friday evening have been distributed among the students for sale. They are endeavoring to make it a financial success, while Monsieur De Lorey hopes to make it a success artistically.

Numerous expressions of regret were heard when the report of Dr. Millsbaugh's resignation was read. It is to be hoped that some inducement may be offered which will influence him to remain.

Our orchestra of fine instruments, being taught by Professor George Careless, is making fine progress.

The business department is now fully equipped for work, having received new tables in place of desks.

Room 10 is set apart for library purposes with Mr. Jacob Coleman as librarian.

On Friday last our second football team was defeated by the University team.

University Notes.

The second of the faculty course of free public lectures will be delivered tomorrow in the chemical laboratory building by Professor D. R. Allen. "Yellowstone National Park" is the subject upon which the professor will speak. The fact that the lecturer spent several weeks on a trip to the park last summer is of itself enough to assure all that the lecture will be most interesting. Professor Allen will not emphasize any particular scientific feature of such a trip as he took; his object will be to present and describe the points of interest to the ordinary visitor to the park. He will present a series of about 100 stereoscopic views, almost all of which he took last summer while in the park.

The men of the Delta Phi fraternity have been very enthusiastic of late. Their society work has been as vigorous and progressive as are their efforts in

social lines. The subjects discussed by the college men are of a very practical nature; current events form the principal topics for discussion. At a recent meeting the Behring sea question was very ably handled by Mr. M. R. Porter, and Mr. George N. Sorenson reviewed the recent advances in the scientific world. In the near future the fraternity will discuss the question of territorial expansion. New officers have been elected: Mr. A. J. Ridge is now president; Mr. Thomas McKay, vice president; Mr. G. N. Sorenson, secretary and treasurer, and Messrs. S. L. Richards and Alfred Pritchard, members of the standing committee.

The Utah Microscopical society held its regular monthly meeting in the university building last Friday night.

Through a petition signed by over 400 students, the Christmas vacation at the university has been extended. The catalogue announces that school shall resume on Tuesday, Jan. 3, but as this would prevent a very considerable number of students from spending New Year's at home, it was deemed advisable to lengthen the vacation. Accordingly Christmas vacation begins Thursday night, Dec. 22, and school re-commences Monday, Jan. 3.

During the holidays, on the evening of Thursday, Dec. 29, the Delta Phi fraternity will give a ball at Christensen's. The members of the fraternity are already at work, and everything points to a very successful event.

The normal class of '99 has chosen a new class color. Last spring, when the university students paraded in honor of the soldier boys, the class carried a flag that very closely resembled the Spanish colors. To indicate that they are not in sympathy with the Spanish cause, they have adopted Yale blue as the class color.

The Rev. Mr. Halsey, dean of St. Mark's, will be the chaplain for devotional exercises at the university during the coming week.

Several of the university professors have been invited to read papers before the coming state teachers' convention.

President J. T. Kingsbury has completed his bi-annual report to the board of regents. This report will be presented to the regents at a meeting to be held during the coming week. From then it will pass into the hands of the

governor, and finally to the legislature.

Mr. Riser and Mr. Johnson, manager and captain respectively of the first football team, have tried to arrange games with teams from the B. Y. academy at Provo, the high school at Ogden and the Salt Lake City high school, but so far have not succeeded.

The Athletic association recently elected some new officers. Messrs. Porter and Ryby resigned their offices of president and executive committee member respectively, and the association elected Miss Esther Wilson president and Mr. C. Fred Gatehouse, vice president. The vacancy left by Mr. Ryby was not filled.

Mrs. Maynard of the Unitarian church, who was chaplain at the university last week, in company with her husband, spent part of last Thursday visiting the training school. Both expressed themselves as delighted with the nature of the work being done in the various grades.

Miss Rachel Edwards, the eighth grade critic teacher at the training school, went to Farmington yesterday to address the teachers' institute of Davis county upon the subject of "Spier Arithmetic."

Branch Normal.

One hundred and forty-five students are registered.

The Students' society is enlivening its programmes with debates on current topics.

The Ladies' society is in a flourishing condition. Meetings are held every Friday afternoon.

As is usual with ladies' societies, talks on what is proper conduct, or "what is etiquette," are frequent informal talks.

Principal Bennion will address the State Teachers' association at Ogden. He will probably clash with some of our northern friends.

Principal Bennion's lecture on the "Expansion Policy of the United States" displayed careful consideration of the question. The lecturer favors expansion.

Z. C. M. I. Holiday Bazaar and Sale.

Open Dec. 12, and continues till Christmas.

SUPREME COURT RESCUES QUAY

SENATOR'S TRIAL GOES OVER UNTIL JANUARY.

Postponed Until the District Attorney's Term of Office Expires and the Senatorial Election Is Over.

Philadelphia, Dec. 10.—Supreme Court Justices Green and Williams today granted a rule allowing the defendants in the Quay conspiracy case to argue a petition for a writ of certiorari, removing the proceedings from the court of quarter sessions to the supreme court. The rule is returnable Jan. 7, and all proceedings are stayed in the meantime.

The defendants in the case are Senator M. S. Quay, his son, Richard R. Quay, and ex-State Treasurer Benjamin J. Haywood. The trial had been fixed to begin in the court of quarter sessions here on Monday. One of the results of the rule granted by the supreme court will be to carry the trial over beyond the term of office of District Attorney Graham, which will expire with the present year. Mr. Graham has been active in pushing the case, and in asking the court a week or ten days ago to fix an early date for the trial, he expressed to the court a desire to dispose of the case during his official term of office.

The delay occasioned by the act of the supreme court will also in all probability have the effect of carrying the proceedings, or at least the conclusion of the trial, beyond the date for the election by the legislature of a United States senator to succeed Senator Quay, who is a candidate for re-election. The legislature will vote for senator Jan. 17.

The defendants are charged with conspiracy, with John S. Hopkins, the cashier of the People's bank of this city, who committed suicide in March last, in the misuse of state funds on deposit in that institution. The senator and his attorney do not hesitate to admit that their object in securing delay for the trial is to take the control of the hands of District Attorney Graham. Mr. Graham, they say, is an enemy of the senator, and has displayed great eagerness in unjustly persecuting him and his co-defendants.

Second Week of Our Memorable December Challenge Sale, Monday, December 12, '98.

The second week of our gigantic sale will be represented by a further reduction in prices throughout our entire stock, in addition to the many matchless bargains already enumerated, a great many more surprises are in store for the many availing themselves of the opportunities afforded here for the money savers. Long, deep cuts have been made in our immense stock and every article throughout our store has been made to contribute to this Challenge Sale.

We are determined to reduce our stock to the lowest ebb and everything now must go. To those interested in wisely and judiciously expending their money the call will be especially attractive.
